

The raising of money by selling stocks increases the amount of company-owned cash and the amount of public-owned cash.

## 7. 'Unpacking' Noun Groups.

This is the opposite process to that of expanding the noun group. It is more often associated with paraphrasing. However, as paraphrasing and summarising often occur simultaneously, you may be packing and unpacking noun groups at the same time!

Source:

The expansion and consolidation of large companies into giant multinationals has been increasing.

Paraphrase:

Large companies have increasingly been expanding and consolidating themselves into giant multinationals.
